Recommendation System

Supply Chain Solution.

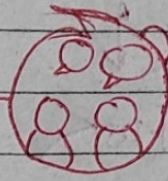

HR analytics

Car Damage Protection.

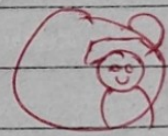

Demo - AI

(Vision)

Conversation
Analytics (NLP)

Predictive Maintenance
of Vehicle.

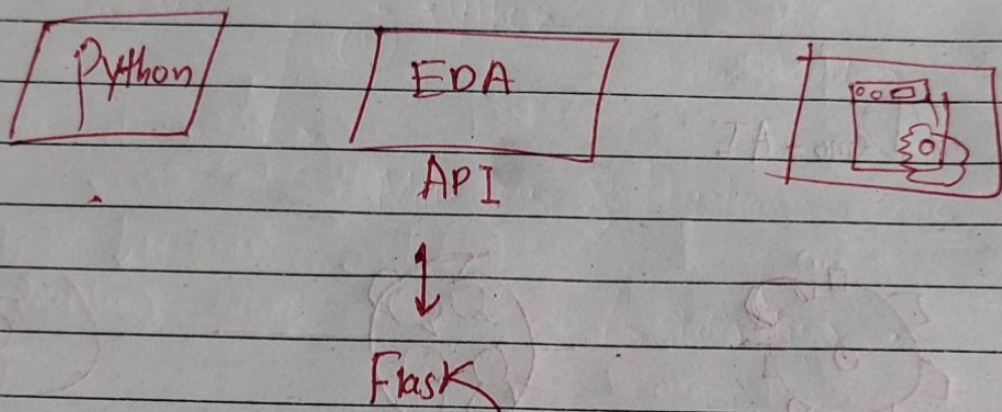

(Classical ML)

- Q. How will the Selection be Done?
- ↳ Attitude OR
 - ↳ Interview OR
 - ↳ Group Discussion

Bank Account.

PPT

- ① Python & EDA \rightarrow Important Part.
- ② Statistics, + Machine Learning + Deep Learning.

Algorithm

logistic Regression Works \Rightarrow

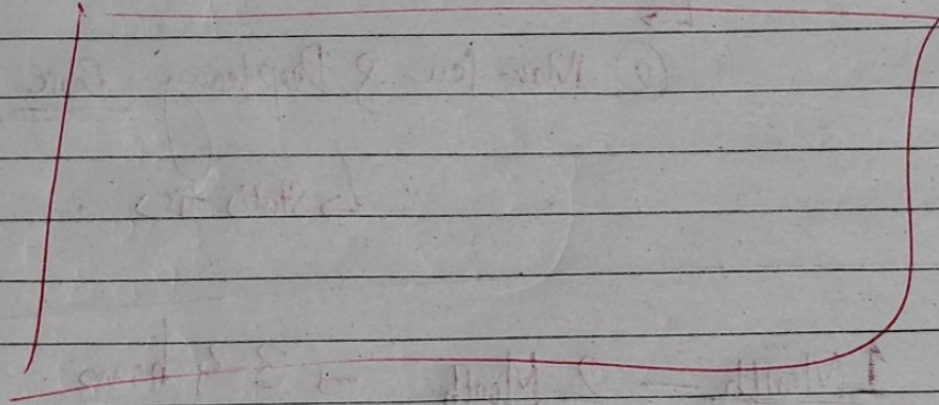

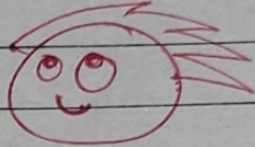

Kegal \Rightarrow

find a suitable project &
Try to do it.

EDA Part & python Doing on It.

#

Try to DO 1 project at least.

#

Expectation \Rightarrow

learn 1 algorithm & Try to Implement It.
